

***NATIONAL WEATHER SERVICE POLICY DIRECTIVE 1-3
JUNE 10, 2003***

***Administration and Management
CORPORATE OPERATIONS***

NOTICE: This publication is available at: <http://www.nws.noaa.gov/directives/>.

OPR: CFO3 (N. Scheller)
Type of Issuance: Initial

Certified by: CFO/CAO (I.T. David)

1. The purpose of this policy is to establish the National Weather Service Corporate Board. The NWS is a line office organization under the National Oceanic and Atmospheric Administration which is an agency of the Department of Commerce.

2. NWS is responsible for providing weather, hydrological, and climate forecasts and warnings for the United States, its Territories, adjacent waters and ocean areas, for the protection of life and property and the enhancement of the national economy. NWS data and products form a national information data base and infrastructure which can be used by other governmental agencies, the private sector, the public and the global community.

3. The organizational structure of the NWS supports the organization's mission and consists of Headquarters and field components. NWS Headquarters is responsible for policy and administration. Field components are responsible for implementing policy established by NWS Headquarters through operations.

3.1 The NWS determined that mission-related issues crosscutting the organization be referred to an NWS Corporate Board for study, development of courses of action, approval, and implementation. The Corporate Board is composed of the Assistant Administrator (AA) for Weather Services (Chair); the Deputy Assistant Administrator (Dean); an Executive Secretary; the Chief Financial Officer/Chief Administrative Officer; the Chief Information Officer; the Director, Strategic Planning and Policy; and all Headquarters and Regional Office Directors.

3.1.1 The Corporate Board identifies issues needing corporate level resolution, evaluates options for resolution, determines the optimum resolution, and assures the Board's decisions are documented and implemented.

4. This directive establishes the following authorities and responsibilities:

4.1 Authority for the day-to-day operations of the NWS is delegated by the AA to Headquarters Office and Regional Office Directors. (See NWSPD 1-2 on "Delegation of Authority").

4.2 The Corporate Board has five standing committees (Executive, Workforce/Human Capital, Science and Technology, Operations, and Financial Investment Review Committees). The Committees are responsible for making high level administrative and operational decisions for the NWS. The Executive Committee, however, has oversight authority for all Committee decisions and those not resolved by the four other Committees.

4.3 The Dean of the Board and the Executive Secretary are responsible for Corporate Board administration.

5.1 This policy directive is supported by the references and glossary of terms listed in Attachment 1.

<u>Signed by</u>	<u>May 27, 2003</u>
John J. Kelly, Jr.	Date
Assistant Administrator	
for Weather Services
